

GT ALL-TERRA BICYCLES

Backwoods™

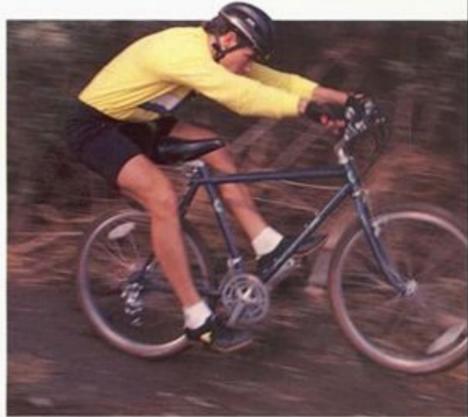

Pure of function and form, GT All-Terra bicycles are a perfect combination of componentry and style that can propel you into adventure.

ATB's are designed for fun and at GT we're serious about our fun. Committed to quality, it's not a word we take lightly. GT quality is evident in the construction and craftsmanship of every bike we build.

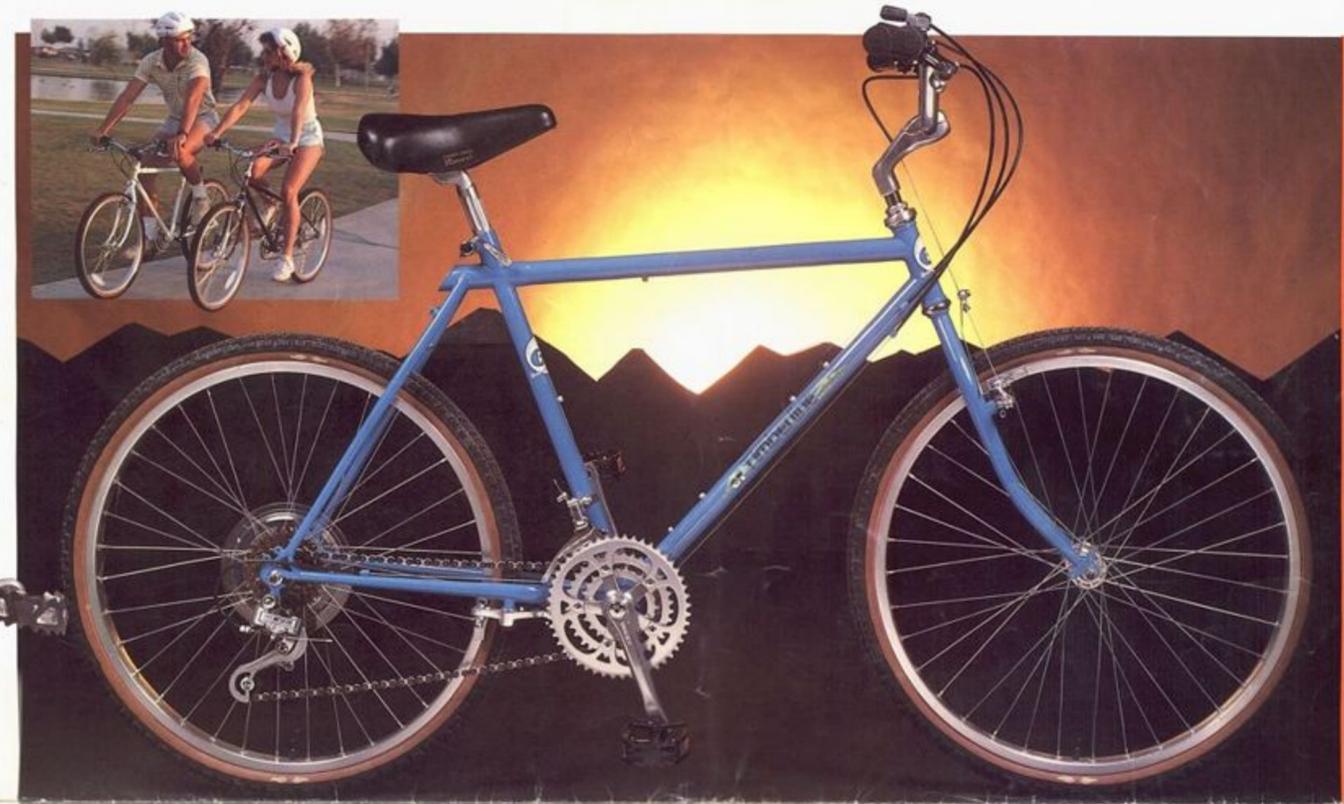

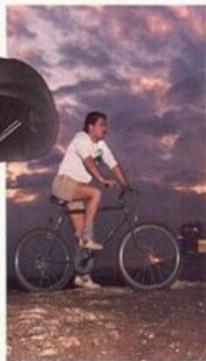

The **GT Backwoods** is the top of the line performer. It features a totally unique frame, designed by GT and is fitted with only the finest components, including 18 speeds that will take you places man was never

meant to pedal.

Cruisers are an American original and Pacific Flyer Cruisers are GT originals. Each individually designed and hand crafted by GT, for their specific purpose, whatever that may be. Pacific flyers are warm on-shore breezes and long, lazy sunsets. They're also the finest quality construction, durable components and colorful finishes.

GT Pacific Flyer (coaster brake)

- GT's own cantilever design frame with BMX style fork
- Cheng Shin durable white wall tires
- GT totally original design chain wheel
- GT cruiser handlebars
- generous, Viscount molded saddle
- Suntour rear coaster brake
- A'ME ATB grips with foam pads

GT Pacific Flyer (6-speed)

- you guessed it, GT's original cruiser design frame with GT BMX style fork
- quality Cheng Shin tires
- Suntour Seven-GT alloy rear derailleur
- Suntour LS-XXXX, new style shifter
- Suntour 14/32 6-speed freewheel
- GT cruiser handlebars
- comfortable Viscount molded saddle
- A'ME ATB grips with foam pads
- DiaCompe 1020 brakes (front and rear) with DiaCompe 131 levers

As you can see, when you're to take a cruise; book your excursion with GT . . . GT Pacific Flyers.
