**RENNRAD
NEWS**

HELLO EVERYONE,

[MTB-News.de](#), [eMTB-News.de](#) and [Rennrad-News.de](#) are three online platforms, covering all major disciplines of cycling, for interested cyclists from all over the world.

We offer our readers both a [news section](#) and a [forum](#). Apart from company visits, travel or race reports we provide news about innovative products, and authentic [product reviews](#). In the forum readers can discuss various topics. In the [manufacturers forum](#) they are able to get in touch with distributors or directly with companies to exchange experiences, ask for help or gather precious technical information.

Our market place called "[Bikemarkt](#)" is the perfect platform to sell or buy bicycles and accessories. Are you looking for a job in the bicycle industry? Do you want to test drive a certain bike? Look no further! Take a glimpse at our [job and event section](#) every once in a while to stay up-to-date. Furthermore, you are able to re-live every adventure, when users share their photos and videos.

Race reporting can be witnessed right up close and our pit lane special "[Boxengasse](#)" gives a brief insight on the latest World Cup tech. If you want a little thrill, join our [betting games](#) and for the chance to win prizes, participate and vote in our [user awards](#). If you like to race yourself, show your tenacity in our "[Winterpokal](#)" event!

Cycling means everything to us. That is why we love to support events and teams as media partners. We also organize a fundraiser for [World Bicycle Relief](#) every year.

Experiencing nature is an important factor in outdoor sports. In order to preserve and protect this, our servers run on **ecological electricity** and we commute to work by bike, if possible.

If there are any further questions concerning MTB-News.de, eMTB-News.de or Rennrad-News.de, please do not hesitate to contact us.

See you on the trails,
THOMAS

AUTHENTIC REVIEWS

We offer independent product reviews for all three online platforms Rennrad-News.de, eMTB-News.de and MTB-News.de.

All our tests are conducted fiercely and mercilessly and to the best of our ability. When an issue comes up it will be investigated, and every opportunity to dive deeper, will be taken.

To live up to our responsibility towards manufacturers and users, we will not give up until we get that result! We work with various riders of different riding levels to find the perfect conclusion about every single product we review.

THE COMMUNITY UP CLOSE

We support aspiring talents, popular races and big names within the cycling community. From time to time we also join in on the racing-fun.

Apart from being media partners with the Enduro1 race series, the Trailtrophy and the Alpine Enduro, we support SRAM Young Guns and the Gehrig Twins, who report for us from the Enduro World Series. Downhill newcomer Nina Hoffmann lets us relive her experiences from every single stop of the Downhill World Cup. Our test riders and editors are sent on race missions all over the world and return home with exciting stories of their travels.

FUNDRAISER WORLD BICYCLE RELIEF

Since 2015, we get involved with the World Bicycle Relief event every year in the pre-Christmas period. The purpose of this event is to donate bicycles to people living in areas with poor infrastructure. This enables children to go to school and nurses to visit more patients, everyday life is made much easier for families.

The Buffalo Bike is perfectly suitable for rough roads. It is a solid and sturdy bike built with long lasting parts that are easy to maintain. 134 EUR are to be raised to donate one Buffalo Bike.

2015: amount of donation **29.100 €** – 217 Buffalo Bikes
2016: amount of donation **67.500 €** – 503 Buffalo Bikes
2017: amount of donation **68.700 €** – 513 Buffalo Bikes
2018: amount of donation **94.700 €** – 707 Buffalo Bikes

In 2015, when Sissi came to us with the idea for the Christmas fundraiser „Donate and win“ on MTB-News, we had the feeling that this could be a great thing. But we could not have imagined that in the past years and due to this fundraiser, the MTB community would donate more than 260,000 EUR for bikes for Africa. That is overwhelming! – **LENA KLEINE-KALMER, INTERNATIONAL COMMUNICATIONS MANAGER, WORLD BICYCLE RELIEF GMBH**
